Hey Glenn,

Brad asked if we could update the SH bell figure, any chance you have time to do this today? The most up to date tracking sheet is attached.

Thanks,
Rachel

Good afternoon!

Attached is the most up-to-date level II spreadsheet. No more manganese, some more high lead (14,000). Give me a call if you have any questions!

As of now, I have sampling lined up for Thursday next week. I'll send over the list of houses and phone numbers for residents.

Thanks!
